

# JACKSON COUNTY SENTINEL

VOL. 24. No. 6

GAINESBORO, TENN., THURSDAY, FEB. 9, 1922

\$1.50 A YEAR

## FORD MAKES FIRST ANNOUNCEMENT OF REDUCTION IN TRACTOR OR BY RADIO.

The following statement of Henry Ford, was issued Thursday evening, January 26th, at the Radio Station of the Ford Motor Co., Dearborn, Mich., to Ford dealers at the Cleveland branch. The statement shows clearly the reason why Mr. Ford has cut the price of the Fordson Tractor to the lowest figures.

It is certainly wonderful to sit here in my office and say a few words of greeting to you, Ford dealers of the Cleveland territory. The radio is an outstanding tribute to man's inventive genius. They say there is nothing new under the sun, but we are constantly inventing new things, every day bringing some big improvement over the previous day's methods.

Manufacturing operations have undergone some wonderful revolutionary changes during the past few years. We are all familiar with the big improvements in transportation methods, but the oldest industry has been the most backward in the acceptance or adoption of new and up-to-date methods of doing things, and that is the farming industry. Being a farmer, I am vitally interested in all farm improvements, and with this in mind, I have spent years of time and millions in money in the development of the Fordson tractor which I really think is one of the biggest helps possible to profitable farming.

As a general thing, the farmers have bettered their financial condition during the past 18 months, but the production costs of farm products are still too close to selling prices to allow fair margins of profit. What the farmer must do to put his business on a paying basis is to lower the cost of planting, cultivating and harvesting his crops. This alone will increase his profits, and with this thought in mind it has been our constant aim to lower the cost of the Fordson so that every farmer in the land could own one.

### DUDNEY'S HILL.

Dear Editor, as I haven't seen any news from this place for some time I will give a few items.

Health of this community is good at present.

Bro. Hiram Pharris is some better.

A large crowd attended church here Sunday.

Bro. Louis Pharris officiating as usual acting, as leader in the service of the Lord.

R. C. Pharris and two children are visiting Mrs. Pharris' parents, A. B. Hestand and wife. Mrs. Dink Bowman was the guest of Mrs. Jessie Young.

Esco Hamlet and wife took dinner with Andrew Way and wife, Sunday.

Bro. Marion Harris will preach at Dudney's Hill next Sunday, Feb. 12th. He will preach for us every 2nd Sunday in each month in this year. Everybody has a special invitation to come out and hear him. He is a good man and his sermons are fine and interesting to his hearers. He is one of the preachers that believe in spreading the gospel in the distant places. Services will begin at 11 o'clock a. m.

As news is scarce I will ring off.

## Great Opportunity In Raising Hogs This Year.

The present shortage of hogs in Tennessee is something that should attract the attention of every thinking farmer, according to J. H. McLeod, assistant livestock specialist, Division of Extension, University of Tennessee. They say that 60 per cent normal hog supply is a condition that cannot be wisely overlooked. This shortage comes at a time when there is a surplus of corn not only in Tennessee but throughout the corn producing section of the country. It has been reliably estimated that there is 500,000,000 bushels of surplus corn in the United States. As a consequence every hog feeder is scrambling for feeder hogs and a premium has through the necessity of competition, been paid for anything that was fit to go into the feed lot, says Mr. McLeod.

Most every farmer who disposed of his breeding sows during the past year or two is now regretting the move. However, it is better to give time and thought in preparing for the future than to grieve over the mistakes made in the past. It only stands to reason that now is the time to restock the farms with good brood material. There is no doubt that there will be a large carry over the corn during the coming year as not many farmers are willing to dispose of their crop at 40 and 50 cents per bushel. Then too, the indications are that the price of hogs in the future will be such that they will continue to pay a good dividend for the corn that they consume. While there might have been some excuse for certain farmers disposing of their hogs during the rapid deflation of prices yet with the present favorable prospect in view it would seem that the farmer who is not preparing to raise his porkers for the coming year is certainly passing up a great opportunity.

### INTERESTING NEWS FROM COALINGA, CAL.

Coalinga, Cal.  
Jan. 30, 1922.

Dear old Sentinel and its many readers:

As it has been quite a while since I saw any news from this place, I will give a few items while I am setting looking at the snow, which fell Jan. 29, between 1 and 4 o'clock. It makes me think of dear old sunny Tennessee.

This is the first time we ever witness a two inch snow in Calif. The climate is getting to be more like yours, cause so many Tennessee people are here.

We are having a great revival meeting in Coalinga now. Many are coming to Christ to be saved. Boys that have not been in church for years. So mothers pray for them that they may go often. We have had service every night for three months. I have not attended all myself, but certainly would like to attend them all.

Times are still very dull here, lots of boys in town that have no jobs yet. Think surely will be better times.

Urban Warren and Walter Botts arrived here last week. They were among the lucky guys to get a job. They went to work Monday.

Austin Terry and family visit-

## What God Says

about--NEWS

"As cold water to a thirsty soul so is good news from a far country.--Prov:25-25

What God says is news. It's always news, more important news than the saying of any man however great.

And it's good news, however bad it may seem to sound. When God tells a man he's all wrong--that's good news, because if God says so it must be so, and if it is so then how good to realize it, and there's a remedy in the very next word, or else God would not have taken the trouble to tell him what a wretch he is.

And it's good news from a far country, for Heaven doesn't lie all around the feet of the man who is wanderer from God,--it certainly does not. So, if you're thirsty, take God's book as would a cup and drink God's good news for you.

What God says about lot of things will be found as news and good news in this paper every issue. Mind you, it's what GOD SAYS, not what He said, for the the Word is a living word,--it's present, it's vibrant, it's resonant Just listen and you will hear it.

The comments of the commenter will be brief. What God says is the main thing. Are you thirsty? Look for the goods news cup every issue.

Copyright, 1921--J. A. R

ed Mrs. Terry's brother, A. F. Loftis and family Thursday.

Mr. and Mrs. Pasco Swearingin visited R. L. Lawson and family one evening last week.

Mr. and Mrs. Calop Birdwell were pleasant visitors at Hersha Allen's, Friday.

H. G. Reed went to work for the S. P. last week.

Bob Reed and Jim Smith have moved to Huntington Beach.

Hello! Shirley Setozen and family when are you coming back?

Fowler Loftis says that he wants to walk the rocks up sweet creek this summer, but his heart aches just the same.

Bob West sold his jitney. In tends to purchase a Dodge Roadster soon.

Pat Murphy visited his sister Mrs. R. L. Lawson Sunday.

As news is scarce I will ring off. Let us hear from all parts as we enjoy reading the Sentinel. Mrs. R. L. Lawson.

## Parent-Teacher Association To Give Pie Supper.

The Parent-Teacher Association met with Mrs. F. L. Tardy last Friday evening. This was decidedly the most successful meeting of the year in many respects. More members were present, and the greatest of interest was evinced in the school and what the teachers are attempting to do. Plans for the future were discussed, and, besides a delightful social hour was enjoyed.

It seems that this ever helpful organization is again in need of funds. Various plans to raise money were discussed, but none, it was generally believed, would be as satisfactory to the community at large, as the time honored pie supper. This supper is to occur on Friday evening, February 17th. It is to be made doubly attractive by the addition of a spelling match between the students of the High School and the parents and business men of the town.

Furthermore, each woman or girl baking a pie is asked to

## AMESSAGE TO TIRED, SICK FOLKS

Don't Drag Through Life Half Sick and Half Well. Take this Advice.

Go to your druggist and ask him for Gude's Pepto-Mangan and take it with your meals for a few weeks and see how your health improves.

If you are pale, tired, lack ambition and vigor, you know yourself that if you had plenty of red blood that you would not feel tired and half sick all the time. The only sure foundation of permanent health is good blood. Gude's Pepto-Mangan builds up your blood with a form of iron that gets into your system quickly. It is wonderful. You will take it and it will make you feel strong. Life will be worth living again. Try it and you will thank us for telling you about it. Druggist sell Gude's Pepto-Mangan in both liquid and tablet form. Advertisement.

make a miniature for some smaller child, and at least one pound of candy.

It is hoped that every parent, as well as the younger element, will attend this affair. It will take the place of the next regular meeting of the Parent-Teachers. They will meet in regular session two weeks later.

The gasoline boat "J. J. Gore" caught fire and burned up at the Carthage wharf about noon last Tuesday. For some years the J. J. Gore has been operated from Carthage to upper river points by J. J. Plumlee, but the boat had just been purchased by Dean Reese of Donoho. Mr. Reese had just completed preparations to make a trip up the river and was starting the engine when in some manner the gasoline about the engine caught fire and within a short time the boat was a mass of flames, the boat being completely destroyed.--Carthage Courier.

## Middle Tenn. Normal.

In keeping with the dictum of old, we had better replenish our supply of fuel for the ground hog certainly saw his shadow around here.

For the week-end we were favored by the presentation of the "Poor Married Man," a drama in three act. This was by the Murfree and Grady Literary societies. This was one of the best entertainments of the season. The following students participated in the performance: Cyrus Dennet, Fred Davis, Geo-Shofner, Victor Keene; Francis Blevins, Margarette Ward, Margarette Watson and Mildred Copenhagen. It was expressed by all present, that more talent was displayed in this performance, than of any that had been presented here on former occasions.

This coming week will be a rather busy one for the students of this institution, for our mid-term examinations are on us, and of course this is a time everybody dreads.

The arrangements have been made for tri-state debate. The West Tennessee Normal is to come here this year, and probably we will send representatives to the East Tennessee Normal. The subject between Memphis and Murfreesboro, will be "Resolved, that the President of the United States should be elected by a direct vote of the people." Murfreesboro will defend the negative side of the question.

The annual debate between the Grady and Claxton societies will come off some time about the last of May. The subject has not been submitted yet. However, the debaters have been elected: Cyrus Dennet and Fred Davis are to represent the Grady society, and Fred Arnold and Jack Haney are to represent the Claxton society.

The city doctors have just finished vaccinating all the students of this institution, who did not have a good scar against smallpox. However, we don't have the disease anywhere near here as to my knowledge. But, the old adage still holds good "that an ounce of prevention is worth a pound of cure." So, if you haven't had your arm scratched and want to get it scratched, just hang around the M. T. N., a while.

Wesley Flatt.

## Central High School Notes.

School is progressing nicely. Denal Dennis entered into the 1st year Monday.

Vivian Reeves is still on the sick list.

The Domestic Art Department has two new Singer sewing machines. It looks like real work now to see everybody sewing, and to hear the machines "singing."

Josephine Roddy entertained the Domestic Science class with a six o'clock dinner Saturday. All helped to prepare it and all had a jolly time. The honored guests were: Misses Myres, Bolen, Cummings, Pate and Mr. Louis Botts.

Bro. Early presented a very beautiful lesson Tuesday morning. "The Loyalty of The Master."

NOTICE--We now have a good supply of Magistrate's Warrants, Subpoenas Executions. Mail orders given prompt attention. Address Sentinel Office, Gainesboro.

## BIG BANQUET TENDERED JIMMY CROW ON RETURN FROM THE PEACE CONFERENCE.

Yuby Dam, U. S. A.

No other man ever received a greater ovation in Yuby Dam, than did Little Jimmy Crow upon his return from the Peace Conference at Washington yesterday.

All of my five towns turned out to do him honor. Bells tolled, whistles shrieked and big guns boomed, as he marched down the streets of Yuby Dam to my soup stands, where a great banquet, at which soups of all varieties were served to a queen's taste, in honor of his home coming.

This was probably the most notable gathering that has ever been pulled off at this place. Some of the most distinguished men of this city and my suburban towns were seated around the great banquet table where refreshments were served in honor Mr. Crow. Slow and peaceful music was rendered by the band while the banquet was in progress. Some among the greatest were such men as: Barefooted Owens, Little Jimmy Toy, brother of the late Rev. Sammy Toy, and Little Sammy Gad, Jimmy Slim and many other lesser lights.

In commenting upon the great work of the peace conference, Crow said that it would give real security against the possibility of war in the future and that it would be possible for men to turn their attention more now to the peaceful arts, something that would be of a real benefit to mankind instead of something hurtful.

He further remarked that it was a great step toward that happy time spoken of in Holy Writ, when the lion should lay down upon a little trundle bed with the lamb, and swords be beaten into plow shares and spears into pruning hooks. The time in which men would sow no more dragon's teeth, but in happy unison dwell and go on hand in hand and die with old age or thereabouts.

Crow will at once take charge of his pulpit in this city, which has been temporarily in charge of Little Sammy Gad since Little Sammy Toy was shot and killed here on his way to preach about two months ago.

We are real glad to have Crow back as our minister. He is a real ornament to society and a great benefactor to mankind. It was largely due to Crow and Hughes and Lodge that the conference was made a success. Long live Little Jimmy Crow.

Slicker Snake.

P. S.--Crow will fill the pulpit at this place Sunday night at the usual hour. Subject, "Peace on earth good will toward man." Come out to hear Crow.--Clipping from Billtown Whizzer.

Dave Smith has accepted a position with the Carthage Motor Co. Mr. Smith is a splendid business man, formerly being in the mercantile business at Kempville and at Gladdice. He will be glad to have his friends call on him when he can be of service to them. In addition to doing general office work, Mr. Smith will also sell Ford cars.--Carthage Courier.

There is no kind of advertising that pays like newspaper advertising--try the Sentinel for results.
